

F2 Logistics Safety Health & Environment Committee

Executive Summary Report

December 2019

Last December 11, 2019, The Healthy Juan: Kalusugan, Kabuhayan, Kapaligiran – Boracay and Manila Bay Cleanup Episode 6 was aired in GMA Network, where F2 Logistics SHE Committee was a guest, to talk about our program of volunteering in the Manila Bay Cleanup Drive which happened last March 30, 2019. More than 50 employees of F2 Logistics Philippines Inc. and F2 Global Logistics Inc. joined on the said program of the Environment Team of F2 SHE Committee

We were interviewed by Susan Enriquez, a journalist, radio and TV news reporter and host for GMA Network, asking question on why did we join this kind activity, what is in it for us, what activities we did, what kind of waste we got from the cleanup and what are our next projects in helping our environment. Our F2 SHE Committee answered in a supple way and with substance. If you want to watch the episode, just follow the link in the source below, F2's interview is on the 16:00 – 17:35 minute.

Also, for our SHE December activities, we have conducted the Semi-Annual Business Continuity Plan Review last December 13, 2019, where we discussed on the improvements for our Business Continuity Plan guidelines such as the updated BCP core and team members nationwide, revisited the action plans/activities per incident, and discussed the schedules of activities for 2020.

The review was attended by the F2 SHE Committee, BCP Committee, IT Department and Operations Team from all Business Units.

Our SHE Committee's different teams with the help of Materials Management Department were cascading their regular information drive through email blasting materials and reminders on the employee's safety and health for the holiday season.

TYPHOONS AND FLOODING

WHAT TO DO BEFORE A TYPHOON

Monitor the news about weather disturbances. As the typhoon nears, watch out for the latest severe weather bulletin issued by PAGASA every six hours.

Check the ability of your house to withstand strong winds; strengthen it if necessary.

Board up windows or put storm shutters.

For farmers, harvest crops that can already be yielded.

For fisherfolks, place boats in safe areas.

Secure domesticated animals in a safe place.

Make sure flashlights and battery-powered radios have fresh batteries or are electrically-charged; stock up on candles and matches.

Store adequate food supply and clean water. Have food that do not require cooking.

Ready your emergency kit/ grab bag to include some first aid kit, candles/flashlight, clothes, food, and radio.

F2 LOGISTICS
LET'S MOVE. NOW.

F2 GLOBAL LOGISTICS
LET'S MOVE. NOW.

Last December 4, 2019, The SHE Administrator submitted the OSH Program of F2 Logistics Philippines Inc. and F2 Global Logistics Inc.

This is in compliance with D.O. 198-18 of R.A. 11058 under Section 12. Occupational Safety and Health (OSH) Program. Stating, All covered workplaces shall develop and implement a suitable OSH Program in a format prescribed by DOLE which shall be posted in prominent places.

The OSH program shall be communicated and be made readily available to all persons in the workplace. It shall be updated periodically whenever the DOLE, other regulatory or government agencies and institutions promulgate new rules, guidelines and other issuances related to workers' safety and health.

The establishment shall ensure that the core elements of OSH program are integrated in the company OSH program such as management commitment and employee involvement, workplace risk assessment, hazard prevention and control, safety and health training and education, and OSH program evaluation.

The establishment shall submit a copy of the OSH program to the DOLE Regional, Provincial, Field or Satellite Office having jurisdiction over the workplace. A duly signed company commitment to comply OSH requirements together with the company OSH program using the prescribed template shall be considered approved upon submission EXCEPT for Construction Safety and Health Program which shall need approval by DOLE prior to construction.

OSH programs in the pre-approved template may be modified by DOLE as necessary based on existing laws, rules and regulations, and other issuances or upon validation of the program during inspection. If there is a modification made by the company, the company shall submit a revised copy of the OSH program to DOLE.

The company shall review and evaluate the OSH program at least once a year or as necessary, to ensure that its objectives are met towards an improved safety and health performance.

For the month of December 2019, Safety Pyramid Report below is the reflection of our Company's SHE Committee commitment to the safety and health of its employees.
