1. To ensure that only those qualified shall be screened and recruited to prevent the detrimental effects (e.g. *lower productivity; poor decision making; increased accidents; more compensation claims; and reduced team effort*) which drug use and abuse may cause in the workplace, the conduct of mandatory drug test shall be required for pre-employment.
2. F2 Logistics designates Fortune Medicare, Inc. a duly accredited drug testing center by the Department of Health (DOH), as its authorized drug testing laboratory.
3. F2 Logistics may also conduct drug testing under any of the following circumstances:
 - i. **RANDOM TESTING:** Officer/employees may be selected at random for drug testing at any interval determined by the Company.
 - ii. **FOR-CAUSE TESTING:** The company may ask an officer/employee to submit to a drug test at any time it feels that the employee may be under the influence of drugs, including, but not limited to, the following circumstances: evidence of drugs on or about the employee's person or in the employee's vicinity, unusual conduct on the employee's part that suggests impairment or influence of drugs, negative performance patterns, or excessive and unexplained absenteeism or tardiness.
 - iii. **POST-ACCIDENT TESTING:** Any officer/employee involved in a "Near-Miss" incident or "Work Accident" under circumstances that suggest possible use or influence of drugs may be asked to submit to a drug test. As defined herein, "Near-Miss" means an incident arising from or in the course of work which could have led to injuries or fatalities of the workers and/or considerable damage to the employer had it not been curtailed. "Work Accident" refers to unplanned or unexpected occurrence that may or may not result in personal injury, property damage, work stoppage or interference or any combination thereof of which arises out of and in the course of employment.
4. All drug tests shall employ, among others, two (2) testing methods, the screening test which will determine the positive result as well as the type of the drug used and the confirmatory test which will confirm a positive screening test. Where the confirmatory test turns positive, the company's Assessment Team shall evaluate the results and determine the level of care and administrative interventions that can be extended to the concerned employee.
5. F2 Logistics shall inform the officer/employee who was subjected to a drug test of the test-results whether positive or negative.
6. All costs of drug testing shall be borne by F2 Logistics.

2. Following rehabilitation, the company's Assessment Team, in consultation with the head of the rehabilitation center, shall evaluate the status of the drug dependent employee and recommend to the employer the resumption of the employee's job if he/she poses no serious danger to his/her co-employees and/or the workplace.
3. All costs for the treatment and rehabilitation of the drug dependent employee shall be charged to his account. The period during which the employee is under treatment or rehabilitation shall be considered as authorized leaves.
